Sergt. Erle Fyfe, D. C. M., Home

Sergt. Erle Fyfe returned to Calgary last night after a short visit with his
parents, Mr. and Mrs. W. T.
Fyfe, who live near Benton. He
went overseas with the 13th
C.M.R. in June 1916. In De-
cember of the same year, he
was wounded by shrapnel. Dur-
ing an engagement on April 9,
he captured a German machine
gun for which he was awarded
the distinguished conduct med-
al. A fortnight later, while in
the village of Vimy, or rather
what was left of it, he received his
D.C.M. for his gallantry. He
gave orders to his men who
were seeking shelter in cellars,
and was overcome by the poison
gas. The chemical effected his
stomach and he will be under
the doctor's care in Calgary for
some time yet.

Locals and Personal

Thompson has returned from
the west where he was on business.

Friends are confident that it was
the George Langille from here
who was reported killed in action
last fall. His wife, Mrs. Langille,
lives here near Benton. His
wife's home town was Canby, Minn.
He was killed from the back.

Mrs. Thomas Hollister returned
from Calgary last week, where she
has been for the last month for medical
attention. Her mother, Mrs. M.
McKinnon, came home with her.

The bridges in the district which
have been repaired. The eastbound
passenger on Wednesday last was the
first train to make the crossing here
from Calgary to Saskatoon, direct
route. While the line was closed it
was necessary to make a detour via
Stettin to get to Calgary.

The home of A. Bennett and
B. N. Chisholm are under
quarantine for chicken pox.

Mr. and Mrs. L. G. Chapman
and Mr. and Mrs. E. Nelson,
of Nathalia, were in town last
Thursday and stayed for the
night in the evening.

Dr. R. Paul reports that Har-
vey C. Johnson is recovering
from an attack of pleurisy and
the infant daughter of Mr. and
Mrs. John Leco, who is ill with
pneumonia, is also improving.

John Steveland, of Alsask,
was in town on Saturday, and
appeared before the tribunal.

B. E. Kelly and J. J. Kelly
were Calgary visitors over the
week-end.

The manager of The Oyen
News received a field service
card under date of March 31
from Private Charles L. Dun-
ford, who is in France. All sen-
tences were erased except this
one, "I am quite well."

Mrs. W. Burroughs, of Lan-
gley, was in Oyen visitor on
Saturday last, while en route
to Alsask, where she visited her
daughter, Mrs. J. T. Thompson.
M. B. Culver and J. J. Mul-
laney, of the Sibbald Realty
Company, were in town on Sat-
urday last.

John Campbell Killed in Stern

John Campbell, age 62, an
unmarried farmer, who lived
eight miles south of Oyen, died
at nine o'clock on Saturday eve-
ning last, from injuries received
when his barn, which was car-
ried away by the terrific wind,
struck him, breaking his left
arm in three places and hurting
his spine.

Joe Kitch was returning
from town in a wagon and he
saw the unfortunate man leave
his dwelling and start toward
the barn, evidently not noticing
the (Continued on fourth page)

Sergt. Charley McMillan, M. M.

C. D. McMillan, ex-accountant
of the Oyen branch of the Bank
of Toronto has been awarded
the military medal and promoted
to the rank of sergeant. He
has served with the artillery in
France for thirty months and
has been through some of the
greatest engagements that the
Canadians have participated in.
Mr. McMillan was a popular
young man here and his num-
erous friends are glad to hear
of his gallantry and promotion.
He is the third soldier from the
Oyen district to be decorated.

CAPT. BOB PEARSON SPEAKS

Capt. Bob Pearson, B.L.A., will
speak at the Oyen opera house this
evening in the interest of the Y.M.C.A.
work at the front. This soldier has
been on active service, and he under-
stands what the boys have "over
here" on a regular basis.

The Red Triangle drive will be on
May 4 and 5, when \$25,000 will
be raised in the Dominion for this
cause. The drive will be held in
all sections of the district, and the Oyen
district, which includes Benton and
Stettin, will give \$1,500.

Representative McEwen, of Calgary,
retained in Oyen last Wednesday
morning and addressed a meeting of
his business men at W. H. Macphail's
store at 9 o'clock in the afternoon. J.
L. Kelly was appointed chairman; B.
E. Kelly will act as secretary-treas-
urer. Resolutions were adopted to
collect the amount needed from the
Oyen district.

Private Ole Pearson Returns

Ole Pearson, who was employ-
ed by A. Jackson, 2 years ago,
has returned from England,
where he went with a forestry
battalion. He contracted pneu-
monia while in camp on the
east coast of England. Private
Pearson is in a light but he
will never forget. The famous
American aviator, Lieut. Arm-
strong, was out for a "fly" one
afternoon and to amuse the sol-
diers who were out on parade
he performed various stunts.
While making a "loop" he lost
control of the "flea" and fell to
his death.

Red Cross Society Activities

The members will meet with
Mrs. J. C. Desso on Thursday
evening, April 25. The execu-
tive committee of Mrs. J. Nils-
son's is on Monday evening next.
The society wishes to thank G.
M. Cadenhead for a \$15 dona-
tion and Mrs. Johnston for a
cushion.

The society's latest responsi-
bility is caring for two pris-
oners of war: Gordon Price, 48th
Battalion, B. C. C., captured at
Cassel, Hanover and B. Pearce,
6th Battalion, at Blk. I, Gefeng-
enclayer, Dahlen in Westphalia.
Parcels, comfort, etc., are
being sent to them. Cards
have been sent saying that the
goods are being received in ex-
cellent condition. In order to
carry this on, the Red Cross
will be pleased to acknowledge
any donations.

We have just unloaded a car of B. C.
white seed potatoes

\$1.60 per bushel in 10 bushel lots

It is not likely that potatoes will be any
cheaper for seed so better get your sup-
ply now.

We have samples of Sanitile oil cloth,
wall covering. This is the ideal cover-
ing for kitchen and bath room walls.

It is waterproof, durable, sanitary and
easily cleaned with a damp cloth. Let
us show you the samples.

We sell Saskatoon Bread 2 Loaves for 25c

Mr. Regan has kindly offered to give \$5 as a third
prize for the gopher contest. Any one caring to make
a fourth, fifth or sixth prize, their action will be ap-
preciated by ourselves and the Agricultural Society.

We give you a discount for your cash business. Ask
about it.

A New Wheat
The Central Dominion Experimental Farm, to which we already owe Marquis and Prelude wheat, has, under the direction of Dr. Charles E. Saunders, produced another new variety of wheat. This wheat possesses characteristics in ripening and other qualities midway between Marquis and Prelude. It is fair, gives a fair yield, and is a fair flour of the highest quality in regard to color and strength. Bread made from it ranks in the first class. This wheat is the result of a cross between Topsy Biga and Red Pine Ruby is, however, recommended only where Marquis will not ripen.

A Royal Complaint

Solomon J. Solomon, the London artist, has announced his intention of going to Palestine, now that England has won the crown from the Turks. Mr. Solomon is rich and famous now, but he was poor a few years ago, and admission to the Royal Academy had not yet given him one right to add the coveted "R. A." to his name.

At an academy exhibition in those days, Mr. Solomon's picture was so excellent that it cast all those about it in the shade.

It is said that the king, passing before the masterpiece, declared: "Mr. Solomon is rich and famous, in all his glory, is not R. A. like one of these."

When Holloway's Cure Cure is applied to a corn or warts it kills the roots and the callosities come out without injury to the flesh.

An Old Law Simplified

A Boston paper complains that although millions of pounds of fish come into that port every day—quantities greater than ever before—the price does not drop. This is an illustration of the law of supply and demand, as applied to the consumer by the wholesalers: "You supply the money and I'll deliver it."—Detroit News.

Playing Safe Private Did Not Wish Any Publicity Under the Circumstances

An officer in the British army who is thoroughly disliked by his men, was returning to the barracks one night when he lost his way and slipped into deep water. A private happened to see the occurrence, and, running to his assistance, pulled the officer out. The latter was very proud in his thanks and asked his rescuer how he could repay him. "The very best way you can repay me," replied the private, "is to say nothing about it."

"Why, my good fellow," questioned the astonished superior, "then you really wish me to say nothing about it?"

"Aye, if the other fellows knew I was grateful, I have sent mine to college. I write to him every week, but he never has time even to send me a postcard to say how he is getting on!"

First Father—Oh, I can always get a letter from my son.

Second Father—Well, I write to him, saying, "Dear John, I enclose five pounds."

First Father—Well, I don't enclose it, that's all!—Edmonton Bulletin.

No Asthma Remedy Like Dr. Kellogg's Asthma Remedy
Dr. Kellogg's Asthma Remedy is distinctly different from other so-called remedies. It is not a cure, it would not have continued its great work of relief until known from ocean to ocean for its wonderful value. Kellogg's, the foremost and best of all asthma remedies, has upon a reputation founded in the hearts of thousands who have known its benefit.

A Welshman's Prayer

A simple-minded man in a Welsh coal valley is a character in his way. He always insists on taking his life in the devotional services of his church. In his prayer, he said: "God, thou hast heard about that old miner. I read in the paper that his throat is bad, and that he has difficulty in breathing. Well, Lord, thou knowest how far to go."—Cardiff Western Mail.

Very Appropriate

"Why do you call your dog Camerons?" "Because he is always trying to get a snip of everything he meets."—Baltimore American.

Things go better for people who take them as they come.

GILLETTE SAFETY RAZOR COMPANY

Wilhelm Not Napoleon

Napoleon carried the flag to all the great capitals of Europe except three—St. Petersburg, Constantinople and London. The latter on a similar expedition, but all he has been able to do so far is to carry his flag to the capitals of some of the smallest nations in Europe—Belgium, Serbia, Montenegro and Rumania. He dreamed of a great empire stretching from Hamburg to Bagdad, but Bagdad is in the hands of the British. He is less likely to realize that dream than he was in the years before the war when the German railway via Minor was under construction.—From the New York World.

Be Bright, Well, Strong, Restore Youthful Looks!

Let your fight for better health begin now! Before you feel any warning of physical collapse, clean and strengthen and build up your system. The one remedy for that is Dr. Williams' Pink Pills for Pale People. Dr. Williams' Pink Pills, the acknowledged king of all medicines, has cured thousands of men and women in the late years of life. It restores the blood and feeling, and because they regulate their system with this old reliable factor, they are able to go on for the bowels, stomach or kidneys. Cures backache, prevents rheumatism, stops aching pain in the back and limbs. Get a 25c box of Dr. Williams' Pink Pills today.

Life of a Bank Note

Banknotes and Lost Notes are Generally Long Absentees

The period which each denomination of Bank of England notes remain in circulation has been calculated, and is shown by the following authentic account of the number of days a bank note is in use. The remains in circulation: £5 note, 727 days; £10 note, 520, 574; £20 note, 440, 127; £50 note, 310, 284; £100 note, 230, 106, 1,000. The exceptions are the £100 notes, which are few, and the £1,000 notes, which are very few. The £100 notes remain in use during which some notes remain unrepresented in the bank by the century. On September 27, 1846, a £50 note was presented bearing date January 20, 1748; another for £10 note, dated January 19, 1762, was not paid till April 20, 1845.

Stolen and lost notes are generally long absentees. The former usually find their way to the hands of the great horse race or other sporting event, altered or so disguised as to deceive bankers, to whom the Bank of England furnishes a list of the number and date of all its notes. Bank notes have been known to travel light papers, to wrap up snuff, and to be used as cut-papers; and British bank notes with run and prize money have not infrequently, in time of war, made sandwiches of them between bread and butter.

Carelessness gives the bank enormous profits against which the loss of a mere note is but a trifle. In the forty years between 1792 and 1832 there were outstanding notes of the Bank of England, presumed to have been destroyed, amounting to over £1,300,000, every shilling of which was clear profit to the bank.—Times.

The Inventor of Margarine

Was a Substitute for Butter During the Siege of Paris

Margarine came into being as a substitute for butter during the siege of Paris. M. Moiré, a French chemist and scientist, was engaged by the military and naval authorities to find a means of securing a supply of margarine. He was successful, and his invention was patented in 1869. The margarine was used by the French army and navy during the siege of Paris, and it was found to be a very good substitute for butter. It was also used by the people of Paris, and it was found to be a very good substitute for butter. It was also used by the people of Paris, and it was found to be a very good substitute for butter.

Ask for Minard's and take no other.

An Irishman, his mother, and a mule were on a journey, and after some time arrived at an inn, which bore the sign, "Refugees here for men and horses." When the Irishman saw the sign, he immediately exclaimed: "Great heaven, what my mother and the mule do!"

German Countess To Expose Junkers

Years Before the War Broke Out the German Autocracy Angered the United States

The Friends of German Democracy in New York announced regulations showing how for years before the war broke out the German autocracy schemed against the United States, are in the possession of the Countess Alida von Krosigk, an American-born, now the widow of a German officer. The countess was called from Germany because of her opposition to the views of the pan-German junkers, to whom she and her husband belonged.

Countess von Krosigk is preparing to give her experiences, contained in fifty-two carefully kept diaries, to the American public. The countess says she wrote an article exposing secrets of the German ruling class for an American magazine. It was published under a assumed name. Nevertheless, after months of espionage she was discovered as the authoress of the article and compelled to leave Germany.

Who lives in the Buena Vista apartments, Riverside Drive, said:

"I was the only member of the immediate court who exposed the cause of America. In one diary that I was in Berlin I found a list of names of the United States among the ruling circles that amounted almost to an obsession. As one of the junkers, I speak my mind freely and I always was out of the favor of the autocrats. I was in the upper circles of the court. I was on those occasions when the Kaiser received us I refused to be deceived and exerted my right to free speech."

Minard's Liniment Lumberman's Friend.

Toronto College of Music

Inauguration of Musical Examination Has Been of Great Benefit

Of all the pioneer work done in the history of musical education in Canada, nothing has been more productive of good than the inauguration of the Toronto College of Music. Founded by E. J. Minard, a pioneer in the field, it has introduced to the Canadian public, the College is entitled to rank as the foremost musical institution in this country. A system of examinations has been established, whereby students at a distance from the college may have the same advantages as those afforded to students at the college. These examinations are held at the several local centres established by the college. Full information and the syllabus of examination requirements may be obtained by applying to the Secretary of the College in Toronto.

THE ONLY MEDICINE FOR LITTLE ONES

Once, a mother has used Baby's Own Tablets for her little ones she will use nothing else. They teach her they are absolutely safe and they never fail to cure. They are the only medicine for children and that the little ones do not dread taking them as they do castor oil and other harsh purgatives. Concerning the Tablets Mrs. John M. Williams writes: "I have used Baby's Own Tablets for my little ones for many years and have found them to be the only medicine for children. They are the only medicine for children and that the little ones do not dread taking them as they do castor oil and other harsh purgatives. Concerning the Tablets Mrs. John M. Williams writes: "I have used Baby's Own Tablets for my little ones for many years and have found them to be the only medicine for children. They are the only medicine for children and that the little ones do not dread taking them as they do castor oil and other harsh purgatives."

At the Head of the Class

Kindly Visitor—I suppose, Henry, that you are a little spell?—Home Journal.

Miller's Worm Powders are par excellence the medicine for children who are suffering from the ravages of worms. They immediately alter the stomachic conditions under which the worms subsist and drive them from the system, and at the same time, they are tonics in their effect upon the digestive organs, restoring them to healthful operation and causing immunity from further disorders from such a cause.

Royal Duke's Romance

Was One of the Most Cultured Sovereigns of Germany

Grand Duke Adolph Frederick, after a reign of fewer than four years, committed suicide. The Duke was one of the most cultured sovereigns of Germany. He was married to Princess Patricia, daughter of the Duke of Cambridge, late governor-general of Canada. The marriage of "Princess Patricia" was a very popular one in the gossip of the English people some time ago, and may possibly be a clue to the mysterious death of the Grand Duke. His grand mother, who died recently, was a member of the royal family, and his father, King George V, was a member of the royal family. His father, King George V, was a member of the royal family, and his father, King George V, was a member of the royal family.

Reserve strength for motherhood is of two-fold importance and thoughtful women before and after maternity take

SCOTT'S EMULSION

It supplies pure cod liver oil for rich blood and contains lime and soda with medicinal glycerine, all important ingredients for strengthening the nervous system and furnishing abundant nourishment. It is free from drugs. Insist on the genuine. Scott & Bowne, Toronto, Ont. 17-20

War and Food

No. 13—CHEESE

Always noted for its nutritive value, cheese is doubtfully more than the most important of all foodstuffs. It is gradually disappearing from the table in most Canadian homes. Fifteen or twenty years ago the standard of war by country in dairying was based on its volume of cheese production. But this basis of calculation no longer holds, as other lines of dairy industry than cheese have become more numerous in the last decade or two. Chief of these are the whole milk and condensed milk and cream trades.

Despite the growth of these rival trades, however, cheese is still the largest single line in Ontario dairying. The value of the cheese output of the province in 1916 was \$23,633,841, nearly \$5,000,000 above the record of the year before and up to \$2,000,000 more than in 1910. Canada as a whole has increased her export of cheese since the outbreak of war by upwards of 40,000,000 pounds.

Using around the farm there are few foods more sustaining than cheese and it might be used much more extensively than at present as a substitute for other foods needed for export. A very small piece of cheese has as much nourishment as a large portion of meat. It is an extremely important adjunct to the menu and might be more generally used. Using around the farm there is a good deal of skim milk on hand and the thought which the majority of people regard it as wholly undesirable. The preparation of cheese cheese one method of converting skim milk into a more attractive and appetizing form of food. It is extremely simple to make and a wholesome and nutritious food.

Canadian cheese may justly be termed one of the war foods of importance for not only might it be used in large quantities as a substitute for other foods, but the export, and the farmer will make no mistake in augmenting the supply for foreign consumption.

Killing Without Injury

An Irish barrister was counsel in court for a man whose cow had been killed by a train and killed by a train. The lawyer said: "If the train had been run as it should have been run, or if the bell had been rung as it should have been rung, or if the whistle had been blown as it ought to have been blown, both which they were not, the cow would not have been injured when she was killed."—Railway Locomotive Engineer.

Ideal for Wartime

W. N. U. 1704

The Country Store

IN the evening, when the day's work is done, men like to stroll over to the village store to discuss the war, politics, or whatever may be of local interest.

It is under these circumstances that the health of the family is referred to and experiences are interchanged in regard to medicines that have proven particularly effective.

After Dr. Chase had introduced his medicines to the druggists he found that many who wrote to him for treatment lived many miles from doctor or druggist, and had to depend on the country store for their medicines. It came about that Dr. Chase's medicines were placed in general stores, and you can now obtain them wherever medicines are sold.

Instead of trying to imagine what the man in the picture is saying about Dr. Chase's Kidney-Liver Pills, we shall publish a letter from Mr. James Carr, who attributes his good health and that

of his large family to the use of Dr. Chase's Kidney-Liver Pills.

15 Miles From Drug Store.

Mr. James Carr, Maynooth, Ont., writes: "About nineteen years ago I received an envelope containing two of Dr. Chase's Kidney-Liver Pills. I was doctoring at the time with two doctors and, as they did me no good, I used the pills, and by the time I had finished one box I was cured of the pain in the back and shoulders."

"We have great confidence in Dr. Chase's medicines. I have a family of ten children and have never had a doctor in the house for any of them. We live eighteen miles from a drug store, and find that these pills cure nearly all the ordinary ills by regulating the liver, kidneys and bowels. That we are as well and sound I attribute to their use, and I have recommended them to hundreds of friends and given away many boxes. I believe there is no medicine so good."

After long experience with Dr. Chase's Medicines we have found that people who try them are soon convinced of their exceptional merits.

We have published thousands of letters to give you an idea of the benefits others have obtained by their use, but if you are still skeptical we shall be glad to send you our

Free Combination Package
